Subject: Sediment Samples

Personal Email/Ex. 6

Scott and Colin, the best contact regarding the status for sediment samples on the Animas River is Joyel Dhieux, Operations Section Chief, Unified Command. Her contact numbers are 303-312-6647 and cell 720-441-9961. Please note, we probably won't have data to share for at least a week. I am demobilizing today and will head back to Denver tomorrow. If you need anything, please let me know.

Randy Brown, Team Leader
